All dimensions and square footages included in marketing materials and/or The Avery condominium documents are approximate and subject to variations and change without notice. Certain dimensions and square footages are measured from the outside face of the exterior walls and windows, centerline of demising walls, floors and ceilings between two condominium units (or the boundaries of the property) and the corridor face of corridor walls. As a result, estimated residence square footage may include space that is not usable by the residence owner. The developer reserves the right to make modifications to the floorplans and residence dimensions at anytime without notice. Floorplans are not drawn to scale. Equal Opportunity Housing. BSE 1052210
